

Heroism and Resourcefulness of Canadians During Operation of Driving Hun into Centre of Lens

Deeds For Which Men Have Been Decorated For Exceptional Bravery—Gunner William McLean Gets Military Medal For Performing Surgical Operation On Man Pinned Beneath Heavy Debris And Saved His Life—Gunner Walters, Although Wounded In The Morning, Maintained Communication All Day—Other Records Of Fortitude And Courage.

(By The Canadian Overseas Correspondent.)

CANADIAN ARMY HEADQUARTERS IN FRANCE, Aug. 30.—During the operations which culminated in the capture of Hill 70, and the pressing of the enemy backward into the centre of Lens, many heroic deeds were performed by Canadian officers and men. A list of men who have been decorated for exceptional action during this fighting was given today.

Not Often Paralleled

Here is a story of heroism and resourcefulness that is not often paralleled: A battery of Canadian field artillery was under concentrated fire from enemy guns. Gunner William McLean was in an old German gun pit during the bombardment when a direct hit caused twelve casualties. Wounded in the chest and hand, McLean turned at once to the duty of rescuing those who were in a worse condition than himself. One of the victims was pinned down beneath heavy debris, and there was danger that if left in the position in which he was he could not survive long. A man who could not reach the spot because of the needs of other wounded was consulted. He advised amputation of the shattered leg so that the victim might be released. McLean performed the amputation, thus showing that the official report records as a "splendid example of bravery, determination and devotion to duty" for which the military medal has been awarded.

On Hill 70

Gunner Gilbert Leslie Walters, of the heavy artillery, has been awarded the military medal because, during the attack on Hill 70, he maintained communication on part of the captured ground throughout the day under extreme difficulty and danger. This he did, although painfully wounded in the hand at 11 o'clock in the morning.

It was not until 7 o'clock in the evening that he was relieved and had his wound dressed.

Lance Corp. Wesley Ross Zink, of a Nova Scotia battalion, has received the military medal for conspicuous gallantry while operating a Lewis gun near Avion. The patrol to which he was attached was surprised by an enemy party, which opened fire at a range of only five yards. Zink was wounded in the head, but he at once opened fire with his Lewis gun and continued firing until the enemy was dispersed, leaving one dead and several wounded behind, one of whom was afterwards taken prisoner.

Under Imminent Peril

Private Charles Joseph Gagnon, of a Manitoba battalion, is given the military medal for fortitude under imminent peril. Gagnon was bringing up a limber full of bombs, when a shell burst near him, wounding his right arm, which was afterwards amputated, and blowing away the tail board of the limber. The mules bolted, but Gagnon, knowing the highly dangerous nature of the bombs he was carrying, and realizing that the lives of many soldiers in the vicinity depended on him, stuck to his post and with his uninjured hand brought his frightened team to a standstill.

MAXIMUM PRICES BY BRITISH FOOD MINISTRY TO CUT PROFITS

(By Morning Bulletin Leased Wire.)

LONDON, Aug. 30.—The king today signed a proclamation prohibiting the exportation of bacon, butter, lard and eggs under license. The object of this action is to enable the government to take over the entire purchase of the imports, and to concentrate the purchase in various countries under a single organization.

The food ministry is also fixing maximum prices, limiting the profit on cheese and butter from September 3rd.

The food ministry is establishing in the United States a single buying agency, and will make all purchases through this agency, beginning September 3. All holders at the present time of U. S. foodstuffs, such as bacon and lard with American shippers are requested to furnish to the food ministry full information immediately.

Pending further arrangements, licenses will be granted certain importers of bacon, ham and lard from other countries than the United States to continue imports. Consignments of Canadian bacon will be under the same restrictions as American goods. Imported in behalf of the food ministry to this country of adequate supplies. Producers' prices also have been fixed for home produced bacon, ham and lard.

TROOPS PARADE FIFTH AVENUE

NEW YORK, Aug. 30.—The spectacle of 25,000 fighting men marching down Fifth avenue, New York's troops for democracy's battle line in France, stirred this great city to the depths today. The troops, New York state's former National Guard, now the 27th division of the United States army, marched before leaving for their preliminary training at Spangenburg, S. C.

ATTACHE SWEARS WAR OFFICE KNEW EVIDENCE GIVEN IN TRIAL OF FORMER RUSSIAN MINISTER FOR TREASON

PETROGRAD, Aug. 30.—Germany's military preparation was known to the Russian war ministry and it was known that Germany contemplated a declaration of war in 1915, according to testimony given yesterday by General Michaelson at the trial of Gen. Soukhomlinoff, former minister of war, for high treason. The witness was the military attaché of the Russian embassy in Berlin from 1906 to 1911. He swore he had reported Germany's activities to the Russian war office.

OTTAWA STATEMENT IS QUITE UNTRUE

Hon. A. G. MacKay Smilingly Nails One Lie Respecting Winnipeg Convention.

(By Morning Bulletin Leased Wire.)

OTTAWA, Aug. 30.—While the Ottawa statement that he had assured the members of the resolution committee in Winnipeg that he could "kill Sir Wilfrid Laurier, smilingly replied that every member of the committee, more than a hundred in number, knew that such a statement is quite untrue. "Such a statement scarcely needs a denial, it is so ridiculous," he said.

AT LEAST 61 ENEMY BNS. WERE ENGAGED

Burial Of German Dead Revealed Presence Of Additional German Forces.

(By The Canadian Overseas Correspondent.)

CANADIAN HEADQUARTERS IN FRANCE, Thursday, Aug. 30.—The burying of the German dead who fell in the recent fighting has revealed the presence of further enemy forces not hitherto identified on this part of the front. Shoulder straps of men from the 25th regiment, of the 14th reserve division and the 4th reserve regiment of the 13th reserve division have been turned in, in number sufficient to indicate the presence of battalions from these regiments in the front. At least, of the desperate struggles of the past two weeks. At least sixty-one enemy battalions took part in these battles. Our victory, in the light of these figures, is a very remarkable one.

KEEL LAID IN FEB.; COMMISSIONED NOW

First Of The British Government's Standardized Merchant Vessels Launched In June.

(By Morning Bulletin Leased Wire.)

LONDON, Aug. 30.—The first of the British government's standardized merchant vessels to replace tonnage lost through submarines is announced has been commissioned after completing most successful trials. The keel was laid in February and the hull launched in January. It is understood that six different types of vessels, varying in size from 5,000 tons downward, are being built.

FIRST SHOT STRUCK SUB'S PERISCOPE

Fired By Chief Gunner On Steamer Carrying American Medical Corps.

(By Morning Bulletin Leased Wire.)

PORTLAND, Ore., Aug. 30.—How a steamer carrying a unit of the American medical corps to Europe for service against the enemy, was hit by a submarine with her guns and averted her own destruction is told in a letter received here by Dr. J. W. Morrow from his son.

"It was just after breakfast and I was standing at the bow of the steamer when I suddenly saw a periscope emerge 200 yards astern. Before I could shoot a warning shot chief gunner had spotted the periscope and opened fire. His first shot struck and smashed it. It sank and we did not see it on the submarine again."

HUNDREDS OF LOYAL TO ONE MALCONTENT

Louis Wiley, New York Times, Gives Views On Situation In Quebec.

(By Morning Bulletin Leased Wire.)

WINNIPEG, Aug. 30.—Louis Wiley, business manager of the New York Times, was the guest at the Winnipeg Canadian Club luncheon in the Royal Alexandra hotel this afternoon, and speaking on the situation in Quebec, where he was for some time before he came west, he said:

"I cannot think that there is any great body of hostile opposition to conscription. The people must realize that since it is law, they must submit to it. Doubtless there is a lot of heart of a comparatively few malcontents, but so far as I could gather, there are hundreds of truly patriotic and loyal citizens for every one malcontent."

Mr. Wiley was surprised how the newspapers in the smaller cities and towns of Canada were giving such a service of general news, and it was evidence that the people were anxious to be kept informed of what was going on. He doubted if in the United States cities of the same size were getting such a good news service from their local newspapers.

COMPELLED TO WORK WITHIN GUN RANGE

Brutal Treatment Of Prisoners Of All Nationalities By The Germans.

(By Morning Bulletin Leased Wire.)

WASHINGTON, Aug. 30.—Starved, beaten and subjected to many indignities, prisoners of war in Germany are being compelled to work in trench and field and under the fire from the armies of their countries.

Reports made by Russian soldiers who have escaped from Germany and which have been transmitted to the state department, say prisoners of all nationalities are being used on work just behind the lines and within range of the guns.

STRONG HAND ON RUSSIAN FRONT ON DESERTERS

Regiments Quitting The Line Of Battle Being Dispersed.

CADORNA IS GIVING AUSTRIANS NO REST

Weather Stormy And Wet In Belgium And France.

(By Morning Bulletin Leased Wire.)

LONDON, Aug. 30.—While the Russians west of Kobani again have deserted their posts, thereby permitting the Teutonic allies to make further gains, in the regions of Oena and Kezdi-Vasareh they are giving battle to the invaders and on both sectors have repulsed strong attacks. Between Ireshli and Kobani a majority of the men comprising two Russian regiments deserted their trenches and fled, but the Russian commanders have taken steps to restore the former status of the line by filling the gap with loyal men. Following the reports of fresh defection among the Russians on the east Bukovina front, which came prior to the commencement of the retrograde movement in southern Moldavia.

Regiments Dispersed.

The possibility that the rule of "Blood and Iron" already has begun with the deserters of the Russians is indicated in the latest Russian official communication, which says that one of the regiments was "dispersed." As is usual when the Germans see a weakening among their foes they have thrown into the battle line in Moldavia some of their tried attacking troops to recapture lost positions and to gain the advantage they have gained through the cowardice of the Russians.

On the Bainsizza Plateau of the Austro-Italian theatre, General Cadorna is giving the Austrians no rest, keeping up his intensive attacks along the entire front. New gains of considerable importance in the general scheme of the Italian campaign have been made, and here and there where the Austrians have striven to hold back the Italians, the British and French artillery has been repulsed. More than 500 new prisoners have been taken by the Italians.

Stormy And Wet.

On the front in France and Belgium no important engagements have taken place, although on the various sectors held by the British and French artillery duels are being fought and small operations by the infantry are taking place. The weather continues stormy and wet.

Position In Finland

COPENHAGEN, Aug. 30.—At Helsinki Russian troops occupied the parliament buildings at an early hour today to prevent the reassembling of the diet in defiance of the decision of the Russian government. The city is calm. The Helsinki council of workmen and soldiers' deputies has ordered the crews of warships to return to their vessels.

During the afternoon one hundred deputies endeavored to enter the parliament buildings, but were kept out by the troops.

Senators, however, who sent out the call for the assembling of the diet, made a protest to Governor General Sivokovitch against his refusal to permit the diet to meet. The governor promised to call his protest to the attention of the emperor's government.

Reinforcing Northern Lines

An Amsterdam dispatch to the Times says:

"The Telegram learns from the frontier that the Germans are steadily reinforcing the northern frontier of Belgium near the Bay of Scheldt and the village of Stavelot. Large guns have been located in strong concrete floors. At Kampes farm in particular there are guns all masked. The whole of Stavelot is now being strongly reinforced. During the last few days several squadrons of cavalry for triple reserves have arrived at the sugar factory at Baronrecht. The number of reserve troops in the fortified positions at Antwerp increased daily and is now estimated at 20,000."

GRAIN WEIGHTS

MOOSE JAW, Aug. 30.—James Law, of Moose Jaw, and G. Odell, of Moose, appointed by the Order of Grain Buyers' convention to interview the grain commission on the question of weights to buyers, leave this afternoon for Winnipeg. It is said, the order's lawyer, goes with them.

KERENSKY REVIVES THE DEATH PENALTY

For The Salvation Of The Country Army Must Be Disciplined.

(By Morning Bulletin Leased Wire.)

LONDON, Aug. 30.—At the conclusion of the Moscow conference, Premier Kerensky announced the partial re-establishment of the death penalty as a necessary measure of army discipline, according to the Central News' Petrograd correspondent, who quotes the premier as saying: "As minister of justice I abolished the death penalty, but as minister of war I decided it necessary partly to reestablish it. The whole of Russia is in a state of the very soul, but for the salvation of the country we will kill with all our souls. The army must be organized and disciplined, each combatant occupying his proper place and each recognizing his duty as well as his right."

"The disciplinary tribunals will be conserved and will receive the authority indispensable for the maintenance of the army as an efficient organization."

PARADERS ARE DISPERSED BY POLICE CLUBS

Four Constables Injured And Civilian Shot In Montreal.

FIGHT IN BUSINESS CENTRE OF THE CITY

Antis Flee Pursued By Officers Of The Law.

(By Morning Bulletin Leased Wire.)

MONTREAL, Aug. 30.—Four policemen were injured, one civilian was shot through the left arm and a score of other persons received cuts and bruises from clubs and fists, sticks and bones and windows were broken in a half dozen business establishments in the centre of the business portion of the western end of the city, when police and anti-conscriptor paraders had their second clash within twenty-four hours. The demonstration was broken up on Beaver Hall hill, the "ants" fleeing in all directions, pursued by constables, and finally the paraders were completely dispersed.

6,000 at Meeting

The parade started at the close of a mass meeting held in Sir George Etienne Cartier square, St. Henry, a suburb to the southwest of the city. At the mass meeting there were about 6,000 persons gathered. An estimate of the number of young men and boys who lined up in the parade and marched along into the city was almost impossible to secure, owing to the uneven formation, but the number was between one and two thousand.

The mixup between demonstrators and police came at Phillips Square and St. Catherine street, in the heart of the city, where the police formed in strength to stop the procession. It had been intended to stop the demonstration at the corner of Guy street, about a half mile to the west, but a small number of officers was gathered there and the intention was changed. During the clash, Lieutenant Corcoran, Grand Trunk street police station, was struck in the stomach by a large stone and disabled, and Constable Bruce, of the West St. Catherine street station, was taken to the general hospital and later removed to his home. The other two officers remained at their duties. The fourth policeman injured received his wounds on the head and back, with stones. Constable Berlan, of the East St. Catherine street station, during the excitement of the affray, fell and sprained his left knee cap. Berlan was taken to the general hospital and later removed to his home. The other two officers remained at their duties.

Shot In Arm

Two brothers, Donat Lacasse, of 154 Alvin street, and Samuel Lacasse, were taken to the general hospital from Phillips Square. Donat, who said he was employed at the American Locomotive Works, had a bullet wound in the fleshy part of his arm. It is not known who shot him. He received the wound when the paraders were running through Phillips Square. The injury was not serious. Samuel Lacasse had a bad cut on his head. After they were attended to they were allowed to go to their homes.

The paraders, coming into the city, halted for a few minutes at the corner of Atwater avenue and St. Antoine street, hesitating as to which way to turn. The leaders finally decided that they should go up town, and the procession headed up Atwater avenue and into St. Catherine street. The first window smashing occurred just as this principal business street was reached. A stone thrown from the crowd went through the window of a grocery store at the corner and another through a shop window in the ground floor of the Forum, a roller skating rink and business block.

AIMED TO PREVENT GERARD ACCEPTING ORDER OF THE BATH

Bill Introduced Into U. S. Senate—Fine And Forfeiture Of Rights.

(By Morning Bulletin Leased Wire.)

WASHINGTON, Aug. 30.—A bill that would prevent former Ambassador Gerard from accepting the Order of the Bath with the honors of Sir Knight, recently conferred by King George, was introduced today by Senator Overman and referred to the Judiciary of citizenship.

It would prohibit any citizen of the United States from accepting any pension, emolument, office or title from any king or foreign government under penalty of a fine of \$10,000 and forfeiture of citizenship.

"The only prohibition of the kind existing now is constitutional, but it only effects persons holding office."

PARLIAMENT MAY RISE SEPTEMBER 8

Notice Of Morning Sittings Given In Senate By Senator Lougheed.

(By Morning Bulletin Leased Wire.)

OTTAWA, Ont., Aug. 30.—In the senate this afternoon, Sir James Lougheed gave notice of morning sittings of the senate commencing on Monday, and stated that the prime minister hoped for the prorogation of parliament on Saturday, September 8.

On the commonsense side, however, there is little expectation that the session will be concluded on the date mentioned by the government leader in the senate. Much depends upon the character of the franchise bill which is generally understood as being drafted, and which will be introduced next week.

Closure Used to Push C.N.R. Bill Through; Division Was 52 to 36

Amendment By Hon. William Pugsley Voted Down By Same Majority—Proposition Required Approval By Parliament Of Finding Of Board Arbitration Which Will Fix Value Of Stock Of Company—Sir Wilfrid Laurier Contended That There Was Ample Provision In Foreclosure Act Of 1914 To Take Over Line—Bennett Attacks Government Plan.

(By Morning Bulletin Leased Wire.)

OTTAWA, Aug. 31.—The C. N. R. bill was finally disposed of under the closure rule in the house of commons at 2 o'clock this morning, when Hon. William Pugsley's amendment was voted down and third reading adopted.

The amendment, which favored approval by parliament of the finding of the board of arbitration, which will fix the value of the Canadian Northern railway stock to be repurchased by the government, was rejected by a division of 52 to 36, a government majority of 16. A. Champagne of North Battleford voting with the government and Harrold of Berthier with the opposition.

Third reading of the bill was then passed on the same division, the house adjourning at 2:30.

Debate Lively

Although it was generally thought that the Canadian Northern railway question was about exhausted, the debate throughout the day, nevertheless, was one of the liveliest and the best since the introduction of the measure in the house. The application of the twenty-minute limit rule appeared to have a tendency to add to the good amusement when the speaker, interrupted before the discussion started that he proposed making use of a gavel to notify the speakers their time was up. The gavel fell with promptitude throughout the day, everybody being treated alike. It had been suggested that Sir Wilfrid Laurier, who had not spoken previously on the bill owing to illness, should be allowed to have as much time as he pleased. The leader of the opposition, however, declined to accept the proposal and spoke for twenty minutes only.

Opposition View

Sir Wilfrid summarized the opposition view in regard to the bill, maintaining that the government was in its legislation of 1914 had provided for foreclosure in the event of default, it was not proposed to purchase the stock of the Canadian Northern railway.

Hon. Arthur Meighen, in reply, asserted that on the contrary the opposition leader in 1914 had argued that there was no possibility of success for the Canadian Northern Railway undertaking and it was that reason that the opposition had moved for expropriation as a preliminary to taking over the road at a fixed valuation.

Fred Pardee, chief Liberal whip, expressed the conviction that the Canadian Northern railway in 1914, had agreed to foreclose in case of default, because MacKenzie and Mann believed that the forty-five million dollars then secured would tide the company over its difficulties.

Bennett's Attack

A feature of the debate was an attack made at the evening sitting by R. B. Bennett, Conservative member

U.S. DECIDES UPON \$2.20 NO. 1 NORTHERN WHEAT OF 1917 CROP

(By Morning Bulletin Leased Wire.)

WASHINGTON, Aug. 30.—The price of Number 1 Northern spring wheat was fixed at \$2.20 a bushel at Chicago for the 1917 crop today, by the wheat price committee, headed by H. A. Garfield, whose findings, reached after three days' deliberation, were submitted to and approved by President Wilson tonight.

Labor representatives on the committee voted first for \$1.84 and the Senate voted for \$2.20. After discussion the compromise at \$2.20 was approved unanimously.

The price differentials worked out by the food administration tonight are: No. 1 hard, winter, \$2.24; hard, winter basic, \$2.20; red, winter basic, \$2.20; yellow, hard, winter, \$2.16; soft, red, winter, \$2.18; dark, northern, spring, \$2.24; red, spring, \$2.18; humpback, \$2.10; amber, durum, \$2.24; durum basic, \$2.20; red durum, \$2.18; red, winter, \$2.18; white basic, \$2.20; soft, white, \$2.18; white, soft, \$2.16; No. 2, of each grade is 3 cents less; number 3, six cents less; number ten, ten cents less.

Relative market basis—Chicago, Galveston, New Orleans, basic; Kansas City and Omaha, five cents less than basic; Duluth, \$2.18; St. Louis, 5 cents less; St. Paul, 10 cents more than basic; Baltimore and Philadelphia, 9 cents more; Buffalo, five cents more.

The basis grades are: numbers 1 hard, winter, red, winter and northern spring.

Creating an Alliance to Protect Nations' Rights, Great and Small

(By Morning Bulletin Leased Wire.)

WASHINGTON, Aug. 30.—In presenting Viscount Ishii, special ambassador and head of the Japanese mission, to the senate today, Senator Saulsbury, president pro tempore of the senate, declared the occasion symbolized complete international fraternity, which common consciousness of international honor has brought about.

"Japan," he said, "joins our great young nation in pledging anew a continuance of our old friendship which the trouble makers of the earth have tried so hard to interrupt."

"The yellow peril was made in Germany and Shan Tung was seized; the Slav peril was made in Germany and Serbia was overwhelmed and Russia was invaded but the thick-skulled, smug, self-centered supermen of Germany, entering their last attempt at conquest, have roused a real peril—a real peril to themselves—and the free nations who believe in international honor are grimly engaged in creating an alliance for the benefit of all earth's people which will protect the rights of nations, small and great, and enable them to lead their lives in peace."

Viscount Ishii addressed the senate as follows:

"I grasp this occasion to say to you that the whole people of Japan heartily welcome and profoundly appreciate the entrance of this mighty nation of yours into the struggle against the insane despotism of our civilization. We all know that you threw your mighty weight into the struggle only after exercising a most admirable patience with a 12-month armistice, that this world shall be made free from the threat of aggression from that black shadow of despotism wielded by a nation taught with the mother's milk that human right must yield to brute might. To us the fact that you are on the side of the allies is a moral victory."

"I have an earnest and abiding faith that this association of ours—in this proving of ourselves—in the high and sacred and moving of human activities—the armed vindication of right and justice—must bring us to a still closer concord and a deeper confidence one in the other, sealing for all time bonds of cordial friendship between our two nations."

FIXES NEWS PRINT PRICE AT 2 1/2 CENTS

Order Issued By President Wilson Under National Defence Act.

WASHINGTON, Aug. 30.—In an order which newspaper publishers declare will serve as an important precedent, President Wilson has fixed a price of two and one-half cents on newspaper print for use in publishing the government's daily official bulletin.

The order fixing the price was issued by Secretary Baker at the president's direction under the National Defence act which empowers the government to secure and distribute supplies needed for war purposes. It was directed to the International Paper company, which had declined to furnish newspaper with a 12-month armistice, that this world shall be made free from the

Vicar, of a Manitoba battalion, is awarded the military medal for going forward alone, though wounded, into an enemy trench and killing two snipers who were harassing his platoon during an attack on the enemy's front line.

Corp. Peter MacVicar also entered an enemy trench ahead of his men on the same occasion and killed eight of the enemy, clearing the way for those who came after. He also received the military medal.

Saved Lives of Three
Corp. Alexander Findley, of a Quebec battalion, gets the military medal for saving the lives of three men in his battalion under fire. Findley, while at work during a heavy bombardment of our front trench, found that part of the trench had been blown in and three men buried. He at once proceeded to dig them out and with shells dropping all around him rescued all of the men.

Private James Holly Lett, of a Quebec battalion, receives a military medal for entering the enemy dug-out along during a raid and accounting for the occupants. He also volunteered for any dangerous job, and his presence with any party always inspired the others with confidence.

TALKED TO THE VETERANS

Capt. T. W. Jones, of the military hospitals commission, talked to about 40 members of the Great War Veterans and others, at their club room last night, on the general subject of handling the returned men on the transport and at the Quebec clearance depot. Capt. Jones enlivened his discourse with a number of good stories and anecdotes. He was warmly thanked by the veterans for his talk.

HOW TO STRIKE THE HUN A BLOW.

It is not necessary to travel to Europe and enter the trenches in order to strike a blow against the enemy of civilization. Some very effective work can be done at home.

Of course, the most meritorious service is that done by the brave men who don the khaki and go into the trenches. They risk their lives and endure separation from all they hold dear. But this does not mean that fighting with gun or bayonet is the only way to make the enemy reel backwards and finally collapse.

Money is a weapon of terrific force in modern war, much more powerful than ever it was in the past. This means that Germany is more vulnerable to the hammering of money, comparatively speaking, than to the hammering of steel shells. As Lloyd George said many months ago, the "silver bullet" will finally win the war and it goes without saying that the more silver bullets there are to be discharged, the sooner the war will end.

Dominion of Canada War Savings Certificates are Canada's "silver bullets." Each one of them is aimed straight for the Kaiser's heart. A-24.

ROUMANIA'S KING SHARES IN VICTORY

Present Among Troops as They Withstood Attack of Teuton Legions

London, Aug. 30.—Details have been received by the Times from its correspondent at the Rumanian front of the magnificent fight of the reconstructed Rumanian army against Gen. von Mackensen, which saved Jassy, the capital, and all Moldavia. Foreign Minister Cambon, of France, declared that the victory reminded him in a measure of that of the Marne. Since August 19, until today, the Germans made no serious effort to resume the offensive. In the course of his message, dated Aug. 21, the correspondent says:

"The story of the past fifteen days will remain golden letters in the history of this country. The defense of the Maresal front, north of Fokshani was the most glorious deed of arms ever accomplished by the Rumanian army. The heroic fight of these peasant soldiers, who had to face much superior German forces, has been unexcelled by either the Belgians or Serbians."

The last big German effort was made on the night of Aug. 19, when, after intense artillery fire of all calibres, two German divisions and an Austrian brigade attacked the Rumanian position north and east of Fancu. In the presence of their king, who was accompanied by Prince Carol and shared the risks of the battle with his soldiers, the Rumanians fought bravely beyond praise. The enemy, who attacked more desperately than ever, succeeded in approaching the barbed wire entanglements when the last Rumanian reserves were brought forward and counter-attacked with such violence that the enemy fled in disorder. The German soldiers, surprised at such a violent attack, threw away their rifles and surrendered. The next day witnessed six hundred Germans and Austrians parading before the king. While the Austrians looked slack and tired, the Bavarians distinguished themselves by marching in excellent "goose-step."

FIGHT ALL NIGHT AGAINST THE IRISH

Most Serious Street Disturbances New York Ever Experienced

New York, Aug. 30.—The most serious street disturbances this city has experienced since "soap box" oratory became an issue between the authorities and critics of the government occurred during the night at an open air meeting of the "Friends of Irish Freedom." Several men and women were arrested. The police had to fight their way through a turbulent surging crowd in order to get their prisoners to the night court, where the uproar continued to such proportions that the police reserves had to be summoned to disperse the mobs.

Stephen Johnson, organizer of the "Friends of Irish Freedom," and John D. Moore, ex-secretary, were among those arrested. Fully 5,000 persons were packed in the street when Johnson arose to speak. He referred to a recruiting party holding a meeting nearby as an "Anglo-Saxon plot of Mayor Mitchell and the board of magistrates to strangle free speech." The fact that the police had to fight their way through a turbulent surging crowd in order to get their prisoners to the night court, where the uproar continued to such proportions that the police reserves had to be summoned to disperse the mobs.

Men from other police stations soon joined the hundreds of men already there. Their appearance was greeted by jeering. Drawing their night sticks they charged the crowd. The police gradually forced the crowd into Broadway, where traffic was blocked. Police automobiles were driven on the sidewalks and the defiant men and women marched up Broadway shouting and jeering.

2,000 HARVESTERS BOUND FOR WEST

WINNIPEG, Man., Aug. 31.—About 2,000 harvesters arrived in the city yesterday. They were chiefly from the Maritime provinces and Quebec. The Canadian Pacific railway ran a special to all main line points west at three o'clock this morning. Many artillery men from Petawawa passed through the city on harvest leave, it being stated that fifteen per cent of the batteries stationed there had been granted furloughs to work on farms. Four harvest specials are expected to arrive here today.

THE DAILY POEM

MYSTERY.
Come the thoughts of yesterday
Brush aside whatever is,
Everything will pass away,
Oh the joy of mystery!

Dull this life our ours would be
From all mystery apart,
What if all things we should see
With the eyes of mind or heart?

Gone incentive to inspire
Join the hope that fills us all
Gone the impulse for the higher;
Nothing worth while, all would pall
It's the charm of Jesus' power
Wonderful God mystery,
Be ye ready in the hour
When He calls—Come home to Me!

—Arthur Carlisle.

Mabel L. Wallbridge, secretary-treasurer of Loughheed, has sent \$500 to the patriotic fund.

ON DIT

That ostrich feathers are coming back with a rush.

That chinchilla is the favorite summer for this season in London.

That bright yellow pond lilies in a black glass bowl are a lovely decoration.

That in spraying plants and shrubs the under side of the leaf must not be neglected.

That war is one more reason for sleeping early this fall, since the early bird will escape somewhat the prices of the later season.

That black and white are the two shades which all but the youngest prefer in Paris in these days.

That managing a husband consists in neatly deferring to his judgment in selecting a meal or what to have for dinner, while you proceed serenely to select his cravats, his socks, his religion, his politics, and the place where he is going to live.

That perhaps the reason why a man finds it so difficult to please a woman is because he is usually busy trying to please half a dozen of them instead of concentrating on one at a time.

That Marguerite Clark is being seen in a film revival of "The Amazons." It has been brought up to date, and its hero is a Royal Flying Corps man.

That why it is when a man becomes engaged he always feels as though he ought to go around and apologize to all the girls from whom he has escaped.

That a fashionable New York modiste has her salons done in faint blues and grays, and the visitors are received by a small girl in the brilliant Chinese costume that one sees on a piece of lacquer.

That a woman is only as good as her feet and why should a woman give the impression that she is ten or fifteen years older than she really is by wearing a wicker shoe when all she needs do is to give special attention to them?

Famous Women

Caroline Lucretia Herschel was one of those women who occasionally come before the world as a protest against the commonly accepted ideas of men regarding the mental capacity of the gentler sex. Of all scientific studies one would suppose that of mathematics to be the most repulsive to the female mind, and yet Caroline Herschel excelled in this science. She came to England from Hanover, Germany, with her brother, who became organist at Bath. In time he turned his attention from music to astronomy and mathematics, and under the reign of George III, whose favor he gained, he became the greatest astronomer of his age. In his work he was assisted by his sister, who is recognized as the greatest female astronomer and mathematician that probably ever lived. Besides her studies, she was devoted to her brother, whom she often had to feed, so deeply was he immersed in his work, which he carried on for forty years near Windsor. In 1798 Caroline Herschel published a "Catalogue of Stars," which has ever since been highly prized by practical astronomers. After the death of her brother in 1822 Caroline went back to Germany and died there a few years later.

Today's Anniversaries

John Bunyan, the celebrated author of the "Pilgrim's Progress," died on Aug. 31, 1688. He began life as a tinker, and led a wandering and dissipated life for some years. In the Civil War in England he served with the parliamentary forces, and afterwards became deeply impressed with religious ideas and grew highly zealous. As a Baptist minister he was arrested and sentenced to transportation for life, on the charge of promoting sedition. This sentence was not executed, but he was kept in prison for twelve years, during which time he wrote part of the "Pilgrim's Progress." Few works ever published have attained the popularity of this production, whose influence on English thought has been very great. The battle of St. Sebastian took place on this date in 1813. Wellington, having driven the French over the Pyrenees, carried the town by storm, and achieved a great victory on the heights of Sal. The French loss in that battle was estimated at 15,000 men. A Roman circus of great size was discovered at Tours, France, on Aug. 31, 1853. The discovery was accidental, having been made by laborers who were excavating.

To the Editor of Woman's Page: Dear Madam—Could you kindly give me a recipe for raisin chutney which calls for green apples, green tomatoes and raisins? All the recipes in my cook books have green peppers in them, but I believe there is one without. Also tell me what will take the stains out of clothes caused by cleaning with gasoline, and how to clean a black taffeta skirt.

Thanking you in advance.

MRS. J. M. E.
The only recipe without green peppers, also does without green tomatoes, but I think it is what you want at any rate. It is very good and would be well worth trying. It is called Indian Chutney. One quart malt vinegar, one pound green apples, one quart green tomatoes, one-half pound onions, peeled and coarsely chopped; one pound moist sugar, one-half pound raisins, ground ginger, two ounces drey mustard, one-quarter ounce cayenne, four cloves of garlic, chopped. Cook the apples, onions and garlic with the salt, sugar, vinegar until quite soft, then pass them through a fine hair sieve. Add the raisins, ginger, cayenne and mustard, mix thoroughly, turn into a jar and stand in a warm (not hot) place until the following day. Have ready some wide mouthed jars or bottles, fill them and cover closely to exclude the air. (2) The only remedy to take the stain out of to wash completely—gasoline. (3) Make a weak wash of Ivory soap and soft water and wash carefully, rinsing well till water is clear.

Acceptance or Regret for Reception

To the Editor of Woman's Page: Dear Madam—I had a recent argument with a friend as to whether it is right to accept a wedding invitation or not if you must refuse it. I say you should and she says you should not. Which of us is right?

A. S. C.
If the wedding invitation is only for the church and not for the reception it should not be answered either to accept or regret; but if the invitation is for the reception it must be accepted or regretted, as the case may be.

Cold Cream for Throat

To the Editor of Woman's Page: Dear Madam—Can you tell me how to make a cream to use in massaging the neck to keep it soft?

This formula is an excellent one for the purpose: One-eighth pound white wax, one-half ounce oil of sweet almonds, one-half ounce spermaceti, one-tenth dram oil of bitter almonds, one-eighth dram oil of geranium, ten drops tincture of benzoin. Melt together and beat well until cold.

Salt-Pickled Green Tomatoes

To the Editor of Woman's Page: Dear Madam—Please give me directions for preserving green tomatoes.

Robb, superintendent of motive power, car equipment and machinery, also with headquarters at Montreal. George C. Jones, vice-president and general manager of the Central Vermont railway at St. Albans, to be assistant to the president, with headquarters at Toronto. The changes are effective Sept. 1st.

RUSSIAN CITY IS BURNED

Petrograd, Aug. 30.—Many persons were injured in a fire which broke out in the city of Kazan on the Kozanets river, 430 miles east of Moscow, Monday. The flames spread rapidly and caused much destruction. Martial law has been proclaimed.

WILL CONSCRIPT ALL CANADIANS IN STATES

Chicago, Aug. 30.—Colonel John H. Dennis, commanding the western division of the British recruiting station, said today that sufficient Canadians and Britons had enlisted since the recruiting of British subjects in the United States began to make more than six full battalions. Col. Dennis added: "I am authorized to say that Britons and Canadians living in the United States who do not voluntarily enlist within the next few weeks, will be conscripted."

LIBERAL CAUCUS MAKES NO REPORT GIVEN MEDAL AT BUCKINGHAM PALACE

Sir Wilfrid Says He May Have Something for House Next Week

Ottawa, Aug. 30.—The Liberals held a caucus this morning which lasted for two hours. At the conclusion of the caucus Sir Wilfrid Laurier stated that they had canvassed the situation with regard to the nomination of members to the board of selection in connection with the military service bill. A sub-committee had been appointed to consult further with him on the matter, which had been pretty well left in his hands. He did not expect that he would have any announcement for the house until next week.

The caucus also considered the Canadian Northern legislation and various other questions before the house.

Mr. Fred Pardee, chief Liberal whip, stated that it was a very unanimous caucus.

London, Aug. 30.—(C.A.P.)—The following Canadians were invested by the King at Buckingham Palace yesterday with decorations:

Distinguished Service Order—Lieut. Col. Donald Hogarth, army service corps; Major Angus Davis, engineers; Major Alexander McMillan, infantry.

Military Cross—Major George Duns, Capt. George Hurrewer, Capt. John McNaughton, infantry; Capt. Thomas Ryder, artillery; Lieut. Robert Foulkes, infantry; Lieut. Victor Gordon, trench mortars; Lieut. Lucien Morissette, Lieut. Maurice Thornhill, infantry.

CATELLI'S MILK MACARONI

More Nourishing than Meat at Half the Cost

This new and delicious Macaroni—so easily prepared, and so very cheap—forms a more complete food than meat, potatoes, and white bread, at one third the cost. Catelli's Milk Macaroni—with its rich nutriment and smooth, delicious flavor—is superior to any imported brands. Have it for dinner tomorrow.

"The Girl of Catelli's" is a dainty little book that tells a lot of things about Macaroni that perhaps you may not know—and gives more than a hundred ways of preparing it. Write for a copy.

What the Advance Man Says

BIRTH CONTROL PLAY COMING TO EMPIRE

Editors in various cities are exhorting Chicago, New York and other club women for taking on the problem of birth control. One Milwaukee editor tells them rather bluntly to stop talking sexual problems and go home and have more babies themselves. "Idle women working mischief," added and abetted by masculine cranks, is his characterization of the advocates of this so-called reform.

Opponents of the propaganda are giving battle to the leaders in the birth control movement. The stage is going to play its part in the discussion. Announcement is made of a new drama, "Her Unborn Child," which has been placed on a tour and which will be seen in this city next week at the Empire Theatre.

The author of the drama has treated with sincere intent and in a sympathetic yet impressive way an angle which must enter into the discussion of this subject. There are several fine parts in the play, the most important one being that of a mother whose mother love is given a great test. How she comes to give the audience a thrill.

Stanton, who immediately played the number. One well-known Winnipeg musician whispered to Stanton that he would like to hear Stanton's "Humoresque," whereupon the request was transmitted to Stanton. Stanton, who complied, other numbers requested and played were Mendelssohn's "Spring Song," Raff's "Cavatina," "Cielito Lindo," "Scorpio" and "H. T. T. T." and other operas and a large number of popular pieces. One man in the audience insisted that Stanton was a fake because he could not comply with his request, but he got a rude jolt when Stanton produced his repertoire of musical matter.

ANNA NILSSON AND EUGENE STRONG IN PROBLEM PHOTOPLAY

Anna Q. Nilsson and Eugene Strong are co-starring in the forthcoming problem photo-play, "Infidelity," which will be the feature at the Majestic Theatre today and tomorrow. "Infidelity" is said to be an intensely dramatic story, built around the lives of two generations, a man and his wife and their daughter and her fiancé. Besides being an extremely entertaining production, the picture is also a preachment of the type that makes the screen such a tremendously important medium for moral uplift.

Although the story of the photo-play teaches a lesson, the moral is always subservient to the action of the picture. The producers of the picture feel that the first function of the theatre is to entertain, and any preachment that might be found in a production should only be implied as an incidental factor.

Crop Reports

By Bulletin Local News Correspondents.

Along the C.N.R. to Athabasca: The crops are promise of a nice yield. Most of the wheat is about ready to cut, and cutting is well under way at many places. Oats are also turning nicely, but at some places the late sown fields are still green.

At New Norway: Harvesting is general and with continued good weather the farmer anticipates a yield a little above the average and of good sample.

At Neepawa: The crops are in very good condition, although some slight damage has been done by hail. Some of the grain is almost ready to cut. Garden stuff looks good.

At Lamont: Harvesting is general all over the district. Taking a general survey of the crops we are pleased to report that the crops will make a fine showing. One farmer cutting a golden field of wheat said that the grain will bring No. 1 hard. Many have the same good fortune. Others have No. 2, and one farmer counted in several heads of wheat 53 to 55 grains. All but two of these grains were big and plump and the other two were small but also plump. The stalks are generally short, but the heads are well filled out and the harvest is satisfactory all over the district. Even the oats are a surprise being well filled out. Many had the idea that the oats would be a partial failure, but the late rains have done the trick.

At Pine Creek: This year's crop is better than usual, despite the drought in the early summer and slight frosts on two nights last week. Timothy is light, but wild hay is good. The clover being drier than usual and more hay has been put up than ever. A considerable acreage of wheat cut before the frost showed grade No. 1. Later wheat has been touched a little in places. Oats are extra good and barley is fair. The potato and other root crops are of average yield.

At Homewood: Cutting is well under way. All grain is fit to cut and in good shape. Wheat is extra good. Oats are slightly below the average, but in most places are a good crop. Barley is also good. Root crops are excellent. Potatoes are large and of good quality.

At Sunnyside: Most of the farmers started harvest Monday, the 27th. The crops are looking exceptionally well.

VALIANT SKIPPER GETS COVETED V.C.

Fought Austrians to a Finish When Trawler Was Attacked by Cruiser

London, August 30.—(Via Reuters' Ottawa Agency)—The London Gazette today published a number of awards, decorations and medals in respect to the action in the Straits of Otranto on May 15, when three Austrian cruisers attacked a number of British destroyers. The list includes: Victoria Cross—Skipper John Watt, Royal Naval Reserve, "for most conspicuous gallantry." When hailed by Austrian cruisers, he was ordered to stop and he refused. He then ordered full speed ahead and called upon the crew for three cheers and a fight to a finish. The cruiser then engaged and disabled the drifter's gun after the round. The gun crew stuck to the gun, endeavoring to make it work, although under heavy fire all the time.

Success of a New Remedy for Backache, Kidneys, Rheumatism

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in every respect. I have tried several other medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did.

(Signed) Mrs. Margaret E. Snider.

Note: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the Invalid Hotel and Surgical Institute, in Buffalo, N.Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery. As it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ill.

DUMPS DYNAMITE INTO RIVER

Inspectors Make Certain Explosive Shall Not Be Wrongly Used

St. Catharines, Ont., Aug. 30.—Fourteen cases of dynamite which had been brought in for use in connection with the deepening of the river channel here, and the work having been temporarily suspended, left on a barge, have been dumped into the river by government inspectors in order to make certain that the dynamite shall not be used for an overt purpose anywhere. Twenty-five cases were removed by the contractor when the work ceased.

MONEY AND MARKETS

NO CHANGE IN GRAIN MARKET AT WINNIPEG

Cash Prices Steady and All Offerings Were Quickly Absorbed

Winnipeg, Aug. 30.—The market was quiet today and the situation little changed from Wednesday. Cash wheat prices remained steady and all offerings which were small, were promptly absorbed. The demand for cash oats was fairly good but little was offered. The market for barley changed to the higher. Cash barley maintained a lower tendency and flax was quiet.

Trading for future delivery was confined chiefly to oats and flax, but the volume of business done was not large. Oats prices remained steady around yesterday's quotations. October and November flax opened higher than yesterday but sagged during the session.

There was a few transactions in October wheat at a half cent better than Thursday's closing price. Trading for future delivery in wheat ceases on the Winnipeg exchange tomorrow.

Winnipeg cash wheat closed at 240 for No. 1 Northern and other grades unchanged.

Winnipeg October wheat closed 3c lower; October oats 1/2c higher; December 1/2c up and May 1/2c higher. For flax, closed unchanged November 3c up and December 1c up.

Winnipeg oats opened 1/2c up for October at 63 1/2c and 1/2c up for December at 60 1/2c. May was 1/2c up for October at 32 1/2c.

Duluth flax was from unchanged to 1 cent higher. There were 127 cars inspected at Winnipeg out of which number 51 were contract. The weather over the west was generally cloudy. Rain was reported at nearly all points.

THE DAY AT CHICAGO.

Firm Undertone in Corn Trading at Chicago—Wheat Market Narrow.

Chicago, Aug. 30.—There was a firm undertone in the corn trading today, covering by shorts was apparent in the early transactions. Weather conditions were considered good throughout the day. The volume of trading was light and offerings were not plentiful. The state report of Kansas showing an increase over the government report was without effect on the market. Opening prices, which ranged from 1/2c lower to 1/2c higher, December at 10 1/2c, 10 1/2c, and May at 10 1/2c, were followed by slight rallies. Subsequent fluctuations were within narrow limits.

Wheat traders were eagerly waiting for an announcement of the new crop. The cash market was narrow and light in volume pending the determination of the official figures.

Oats were firm with opening figures from a shade to 1/2c higher. Early fluctuations held above yesterday's final figures with scarcity of country offerings a controlling factor.

Live hog prices, which advanced again today, were reflected in gains in provisions, the list opening generally from 10 to 20 cents higher. Lard was the most active product.

FRIDAY, AUGUST 31, 1917

The list of gentlemen who are financially interested in the C. N. R. stock swindle has some forcible reminders of that list of "noble eighteen" Toronto Liberals who felt it their patriotic duty in 1911 to turn against their party and help set up the MacKenzie and Mann government.

The Winnipeg Telegram professes to have only heard within the past few days that Sir Clifford Sifton was helping Sir Robert Borden reconstruct the cabinet. The Telegram's hearing apparatus must be defective. The noise of Sir Clifford's activity was a good deal louder before the Winnipeg convention than it has been since.

A prominent grain dealer of Fort William declares that the milling trust makes about five dollars on every barrel of flour. If he is right the public are entitled to relief from the exaction. If he is wrong, the millers are entitled to relief from the allegation. The High Cost of Living Commission should come out of its trance again and do some investigating.

Mr. Gerard, late United States ambassador to Germany: "It was the envy of England in the war, in defense of the rights of small nations, in defense of the guarantee of neutrality of Belgium, which saved the world from the harsh domination of the con-quest-hungry Prussians, and, therefore, saved as well the two Americas and their protecting doctrine of President Monroe."

The superintendent of the Calgary market secured a consignment of British Columbia apricots and put them on sale at forty cents less than was being asked by dealers. The fruit markets commissioner for the British Columbia government has taken the matter in hand and warned fruit growers against sending any more fruit on consignment to the Calgary market. The fruit grower, says the commissioner, is out to get all he can get, and it is his official business to help him do it. That is a very frank statement of the case, and seems to agree perfectly with the prices that are being demanded for fruit. What does Mr. Hanna propose to do about it?

Hon. Rudolphe Lemieux says the win-the-war campaign is being used as a blind to cover MacKenzie and Mann's raid on the treasury. There is not much room for doubt on that score. The campaign may have originated in a sincere desire on the part of some people to make an end of the bungling that has disgraced and handicapped the nation's war effort, and to introduce efficiency in its place. But the confusion of the public mind that his resulted in being taken full advantage of by those who have ends of another sort to gain. On the principle that a man's pocket is more easily picked when he is looking the other way, the stock deal was not introduced into Parliament until the attention of the country was concentrated on the question of how to get a government capable of managing our affairs as they should be managed. That the time was well chosen is unquestionable. This, the most cold-blooded piece of piracy ever attempted in Canada, has drawn only casual concern from the public.

Real domestic strategy is to trade the automobile for a cow.

The report from Ottawa is that the Western Liberals whom Sir Robert Borden wanted to enter his cabinet refused to serve under him, but were willing to join a government with Sir George Foster at the head. Sir Robert offered to resign, but Sir George was unwilling to undertake the responsibility. The prospect seems to be that coalition is out of consideration, or that someone not in the government will have to be selected as premier. Conservative members of Parliament have hitherto refused to consider coalition under anyone but Sir Robert Borden and are more likely to block the union proposal altogether than consent to his withdrawal for an outsider.

An order-in-council has been passed bringing the sale of patent medicines and flavoring extracts which contain high percentages of alcohol into conformity with the restrictions imposed by the provincial liquor law. Necessarily there will be some interference with business, and some inconvenience occasioned the public. But the purpose of the prohibitory act is to stop the sale of liquor in the province for use as a beverage, the business of the Government is to see that it does that, and patent medicines and flavoring extracts are the most common disguises under which booze is dispensed in all "dry" regions of the earth. To allow them to be sold without regulation was simply to invite the sale of whisky under another name. Incidentally, the bother of getting a doctor's prescription may persuade some people, who have been swilling down this patent dope in the notion that it was good for their health, that they might better save the time and money. Incidentally also, the order-in-council provides that when a person hereafter buys a flavoring extract in this province he, or she, will get extract of a standard strength.

If he still intends to say by whom and how Canada is to be governed, it would be opportune for Sir Robert Borden to make some public statement as to the lines upon which his proposed coalition government is to act, and how far they are to go along those lines. The public are, before all else, concerned in having the whole strength of the country mobilized and put into the war in the way and place it will count for most in injury to the enemy. Whether in the judgment of our Allies we can help the cause most by withdrawing men from productive industry and sending them to the firing line is the question of very first consideration in any intelligent win-the-war program, and a question upon which Sir Robert should be able to speak but has not yet spoken. If the answer to that question is in the affirmative, is it the intention that the coalition government shall refuse to pay any attention whatever to the matter of equalizing the demands made upon the various provinces, or to getting those provinces now in arrears to make up their proportionate contingents? Is the authority to exempt men from conscription still to be left in the hands of local tribunals, and subject to local sentiment, and those provinces which have supplied the volunteers also forced to supply the bulk of conscripts? And is it the intention that anything will be done to remove the inconsistency of conscripting men but refusing to conscript money—even the millions that have been taken from the war chest and the public by overcharges for munitions and extortionate prices for food? These are questions which lie at the very root of the whole problem of mobilizing the country's strength and employing it most effectively for the preservation of the state. They are, therefore, questions upon which the public are entitled to expect from Sir Robert Borden some early and clear statement as to the intentions of the coalition Government he is trying to set up.

COL. BRUCE'S REPLY
Montreal, Aug. 30.—The Gazette's London correspondent cables that Col. Herbert Bruce has informed him that the government's refusal to table his reply to the Baple commission report will not prevent his reply from being made public.

Life and Faith

I sometimes wonder what it means—This life of ours—Where will the journey end?

Often the way seems strewn with fairest flowers

Long paths that wind and wind Into the blue of heaven—

And then—there comes a day When all our sky seems overcast and gray.

'Tis then we need a stronger firmer faith

To stay us in our weakness, And ward on the clouds of doubt and gloom that shape

Themselves into despair; 'Tis then our fervent prayer removes

from out our path The trials that loom,

Till once more, on Life's way, the roses bloom.

Our fathers fought in times past

and our sons are fighting today for the rights of the people to rule.

The Borden Government—and those, elected to parliament as Liberals, who are now its allies—are conspiring together to maintain the strangle hold of Big Business on the country's throat, by preventing the expression of the people's will at a general election.

The declarations for a "National Government" and the Cabinet shuffling going on with "Work-the-War" Liberals, has for its sole purpose the maintenance of special privileges. The motto of Sir Robert Borden in 1917 is the same as that of Commodore Vanderbilt half a century ago. Men change, issues remain. The issue before Canada is: "Shall the people or the interests rule?"

Many years ago the founder of the New York Central Railway and of the Vanderbilt fortunes, acquired continental fame by the use of the above expression—unexpurgated. He was discussing certain complaints made on behalf of the public against his management of the railway. The railway was built for the service of the people and made its money out of that service. But the stockholders owned the railway. Vanderbilt was the chief stockholder and president of the company. In law, as president, he was responsible only to the stockholders, hence his contempt for the public who had no direct control over him. The phrase became a classic, and has ever since been used to express the too frequent attitude of Big Business towards the common people.

The biggest business in any country is its government. Parliament is elected by the people. The existence and power of a government depends on the support of parliament. The good of the people is the only proper purpose of government; just as, to serve the people was the proper purpose of the Vanderbilt railway. But as in the case of Vanderbilt who recognized responsibility only to the stockholders and ignored the public, so there are governments which hold themselves responsible to parliament but forget the people whose service is the only reason for the existence of either parliament or government.

A shining example of this attitude is the government of Sir Robert Borden. Returned to power in 1911, as the result of a double-barrelled campaign of lip-loyalty and of disloyalty in Ontario and Quebec, respectively, in his administration he has been free from those restraints that self-respect usually imposes on any party which stands unitedly for fixed principles. Of the long list of specific promises made by him in Western Canada to Western Canada just before the 1911 election, not one has been made good. The Naval Policy brought forward by his colleague, Sir George Foster, in 1909, was reversed in the campaigns of 1910 and 1911, and in the session of 1912. The outbreak of war in 1914 gave opportunity and reason for rising above party to promote union and therefore military strength. But from the day war began, opportunity has been taken to create disunion in Canada, both in the west and east, as a means to party success. In the prosecution of the war itself, partisan preference has always taken precedence; from the purchase of a pound of nails to the appointment of a brigadier general. Graft, unreadiness, and disregard of the rights of those whose services and sacrifices have carried the country's burden in the war, has characterized throughout the war administration of the Borden Government. Our permanent casualties in three years of war number approximately seventy-five thousand. Of these the dead number over thirty thousand. Canada's war debt is over three-quarters of a billion dollars. These are matters that concern the people of Canada—the present and future generations. The people whose men have been killed or maimed, the people who themselves and their children's children will have to help pay the war debt, are the people to whom our Government owes service, and an accounting. To render that service and to give that accounting, should be the first and most urgent purpose of any honest and competent government. Not so the Government of Sir Robert Borden. Anything to avoid the assurance of efficient service for the future or an accounting for the past. Any subterfuge, any suppression of fact, any exercise of unwarranted authority, is resorted to, subject only to the assent of the party majority in parliament; as though the people at large had no concern or right in the matter. Time was when the opinion of the people counted for something in the councils of any government in Canada. That time has passed. Now a majority in a self-elected House of Commons is held to be sufficient warrant for executive action that it is frankly admitted is not approved by the people.

So that the majority in parliament may be held together in defiance of public opinion, men elected in 1911 to support principles absolutely at variance with those of the Borden Government—and to support interests absolutely opposed to those the Borden Government was elected to serve—are being asked to join that Government, to the end that the consent of a substantial parliamentary majority may be secured to a further extension of the term of parliament—that is, for the further disfranchisement of the people of Canada.

From Winnipeg Telegram:

Rumors from Ottawa continue to be disquieting. The most disquieting tell of the alleged dominating influence being exercised by Sir Clifford Sifton in bringing about a revolutionary cabinet reorganization. It is stated that this discredited adventurer, with the knowledge and consent of the prime minister, has practically undertaken to remodel the government on lines laid down by himself—nominally non-partisan lines, which is supposed to be a palatable term to employ to describe Siftonism as distinguished from Gritism and Toryism. It is even stated that Sir Robert Borden has consented to efface himself, providing the Sifton clique can find a leader to take his place, who could possibly be accepted by the Conservatives.

These rumors are simply incredible. Yet they are confidently sent out from Ottawa by reliable correspondents of all shades of political opinion. What is the basis for them?

Evidently they are based upon the fact—unfortunately it can no longer be denied that it is a fact—that Sir Robert Borden, for some inapprehensible reason, has been in frequent consultation with Sir Clifford Sifton for some weeks past, during a political crisis of the first magnitude, a crisis that has naturally become a fruitful source of reckless rumor and specious surmise.

In the interests of the nation, in the interests of the cause that all loyal men and women hold most dear, these rumors must cease to emanate from Ottawa. They are deadly to public confidence; they are alarming to fears and anxieties already aroused; they are destructive of all hopes of real national unity; they are creative of distrust, suspicion and unrest.

There is just one certain and prompt method that can be employed in giving such rumors their quietus. The prime minister has it in his power at once to relieve public anxiety in this regard. He should immediately deny that Sifton enjoys his confidence; that Sifton has any influence or "pull" with him; that he regards Siftonism as worthy of any voice in the councils of the nation—and that he has any intention of recognizing this pernicious and blighting influence in any reorganization that he may be able to make in his cabinet.

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of the Bulletin to the best of its ability, reserving the right to ignore all that are trifling or of concern only to the questioner. To receive attention, every inquiry must bear the name and address of the questioner. This information is not wanted for publication, but as an evidence of good faith.

To the Bulletin: Can you give me a good method for cleaning a Panama hat.

M. B.

Wash the hat over with lemon juice; leave it in the sun for six hours; then sponge carefully, leaving no part untouched, with peroxide of hydrogen. Sun again for six hours. Or a cup of white cornmeal soaked with benzine or gasoline, well rubbed on with a clean soft cloth, will clean and leave no stain.

SHOWER CUTS SHORT GRAND CIRCUIT BILL

Bertha McGuire Wins Three-Year-Old Event And \$2,000 Purse.

POUGHKEEPSIE, N.Y., Aug. 30.—A heavy shower coming at the end of the second heat of the Guy Axworthy 2:17 class for 3-year-old trotters this afternoon made necessary a postponement of the Grand Circuit races until tomorrow. However, Bertha McGuire had won the three-year-old event, North Spur a heat of the 2:17 trot and Little Frank D. a heat of the 2:17 Directum First 2:15 pace before the down-pour came. The fact that three starters were distanced gave Bertha McGuire first, third and fourth money in the colt race. Summary:

TENNIS TOURNAMENT PATRICIA SQUARE ON LABOR DAY

Any Player Eligible For The Open Singles Beginning At 2 p.m.

An open tennis tournament will be played at Patricia square courts on Labor Day afternoon. Any tennis player in the city of Edmonton or the surrounding towns can enter the open singles which will commence at 2 p.m. and will be played in the American style. That is, each contestant will have to play the other contestants in his section of the tournament and the winners of the sections will play off for the trophy. Tea will be served by the ladies of the Presbyterian church and it is hoped that members of the University, Wm. and High schools will turn out en masse as well as any visiting tennis players who may be in Edmonton.

GOLF TOURNAMENT

CHICAGO, Aug. 30.—Mrs. Fred C. Letts, Jr., of Chicago, western women's golf champion, took plentiful revenge for her defeat at the hands of Miss Elizabeth Allen, of Rock Island, Ill., by defeating the Iowa champion 7 up and 6 to play in the third round of the championship tournament of the Women's Western Golf association. Mrs. Letts' victory entitles her to defend her title in the semi-finals tomorrow with Miss Vida Lawless, champion in 1916, who yesterday disposed of Miss Louis Sumner, the 16-year-old player of Ravenna, five and four.

The only out-of-town player to reach the semi-finals was Miss Frances Hadfield, of Milwaukee. She defeated Mrs. I. F. Colburne, of Glenview, a veteran of many matches, 2 and 1.

Sidelights on the War

Thieves in the Russian Revolution
During all great revolutions, when law and order have become temporarily upset, there have been those who immediately abused their newly won privileges, have made liberty an opportunity for licence and have robbed, murdered and committed other crimes during the recent Russian revolution. The police of the new Russian republic are still looking for the thieves who looted the Senate building at Petrograd, carrying off silver statues valued at a most a million dollars. No sooner had the revolutionary disorders begun than six armed robbers appeared before the building and announced that the statues of the Romanoff family offended their revolutionary sentiments. They knocked down the porter, tied him up and put a bag over his head. Then they entered the famous Catherine Hall and took away the famous silver statue of Catherine II, valued at 500,000 rubles, and another statue representing Russia at prayer. These and other were taken to a waiting automobile and the robbers, some of whom were disguised as soldiers, made off and haven't been seen or heard of since.

CAPITALS AND N.W.B. OUT OF CHAMPIONSHIP

Play A Tie Game In Waning Light—Score Was 7 To 7.

The N.W. Blunt and the Capitals played a tie game last night at Diamond park. The game was played in the dusk and neither team had a chance of making a showing. The score was 7 to 7.

This practically eliminated both the Capitals and the N.W.B. from winning the championship.

The game this evening is between the U.W.G. and the Eskdale who are almost a tie for first place.

GOLF PLAYERS MEET ON SUNDAY MORNING

Arrangements For Team Match E. G. C. Vs. The Country Club.

The team selected to represent the Edmonton Golf club in their match against the Edmonton Country club on Sunday next, September 2nd, will meet at the corner of 124th street and 102nd avenue (Athabasca) at 9 a.m. sharp, where autos will be waiting to take them on to the Country club grounds. Players are particularly requested to be on time and not to forget their clubs, balls, shoes, etc.

S. J. Thornburn will act as captain of the E. G. C. team and the names of the players who will take part in the match are posted in the club house. Further information can be obtained from the secretary or Mr. Langton. Single matches will be played in the morning and a two-ball foursome in the afternoon.

Members who have kindly promised the loan of their cars will please note the time and place of meeting mentioned above.

Adventures of Uncle Wiggily

By Howard R. Goss

Uncle Wiggily and the Ginger Snaps

Copyright, 1917, by the McClure Newspaper Syndicate.

"There!" I knew I'd forget something!" exclaimed Nurse Jane, "Fuzzy Wuzzy, coming one day out on the porch of the hollow stump bungalow, where Uncle Wiggily Longears, the rabbit gentleman, was trying to keep cool."

"What have you forgotten?" asked the bunny. "Don't tell me you didn't put any salt in the ice cream," and he laughed until his pink nose twinkled like a piece of toasted marshmallow candy.

"No, I didn't do that," went on Nurse Jane. "What I did was to forget to get some cakes for supper, and you know you told me you invited Mrs. Whifflebubble, the duck lady, and Mrs. Bushytail, the squirrel, to visit us."

"Well, just casual like, I'll have to ask you to go to the store for some cakes," laughed Nurse Jane. "It would never do to have tea without cakes."

"Never!" agreed Uncle Wiggily. "I'll go at once."

"So, putting on his tall silk hat, with the lining turned out like a cooler, off hopped the bunny uncle, while Nurse Jane put the ice cream on the back of the stove to keep cool until company came."

"Some cakes for tea, eh?" exclaimed the monkey doodle gentleman when Uncle Wiggily told him what he wanted. "Well, now, I'm sorry, but I haven't any left."

"What! Not one?" asked the bunny rabbit gentleman, disappointed like. "Well, nothing but some ginger snaps," spoke the monkey doodle. "I hardly think they would do."

"Oh, yes they will!" exclaimed Uncle Wiggily. "Nurse Jane can put some frosting or chocolate on top of them and they'll be the finest kind of cakes for tea. Are they good and fresh?"

"Fine and fresh," answered the monkey doodle, "and when you're done, the hard, dry ginger cakes, it broke, making a sound like a little gun."

"They'll be nice," said the bunny. "Put me up a large bag of them. So the monkey doodle did, and when he was tying the string around the bag he asked Mr. Longears:

"Have you seen anything of the skeezicks around lately?"

"The skeezicks? No," answered the bunny. "I hoped I had seen the last of him. Is he in these woods again, bothering your poor animals, and biting some of our ears?"

"I hear that he is," went on the monkey doodle gentleman. "So look out for him as you go through the woods, Uncle Wiggily."

"I will," promised Uncle Wiggily. "He shall not catch me."

But you just wait and see what happens. With his ginger snaps under his paw Uncle Wiggily started back for his hollow stump bungalow. He was thinking how nice it was to have Mrs. Whifflebubble and Mrs. Littletail to tea, and he was wondering what kind of chocolate Nurse Jane would put on the ginger snaps when, all of a sudden, a voice cried:

"Ah, ha! Now I have caught you!"

Uncle Wiggily looked up and saw the bad old skeezick animal, which is something like a shookeekookina, only different.

"Whom have you caught?" asked Uncle Wiggily.

"You!" answered the skeezicks and he grabbed the bunny in his paw. "I have you and I am going to bite you, only on account of my little mouth, which is no bigger than a pin. I will have to take parts of a bite at a time. I may be a long while getting a full bite, but don't you care."

"Oh, but I do care," cried Uncle Wiggily. "Please let me go!"

"No!" snapped the skeezicks, holding to the bunny uncle with its claws, which were a hundred times larger than its mouth.

Uncle Wiggily tried to get away but he could not, as the skeezicks held him too tightly, and then, all of a sudden, the bunny thought of the ginger snaps. "They make a noise like a gun," said the rabbit gentleman to himself. "Maybe I can scare this chap."

So, pressing hard on the bag of cakes under his paw, Uncle Wiggily broke half a dozen.

"Crack! Bang! Bang!" went the ginger snaps, with loud noises.

"Oh, some one is shooting a gun at me!" cried the skeezicks. "I didn't know there was a hunter man in these woods. I'll be shot!"

Then he let go of Uncle Wiggily and ran away, and so the bunny was saved by the ginger snaps, and he was very glad.

Then he went on to his bungalow and Nurse Jane frosted and chocolate the cakes for tea, and everybody was happy. And if the hot wave doesn't wash all the sweetness out of the jellypop stick, I'll tell you next about Uncle Wiggily's shower bath.

NEW YORK, Aug. 29.—The price of silver continues to move rapidly upward. Today bar silver was quoted at \$9 2-4 an ounce, a rise of 1c since yesterday.

ALADDIN CLUB

Edited by Uncle Tom for Boys and Girls

To Uncle Tom, Care The Bulletin, Edmonton.

Please enroll me as a member of your Aladdin Club, and also send me a badge free of charge.

I am—years of age. My birthday is on the—day of—month—191—.

My father's full name is—

My mother's full name is—

I promise to write at least one letter a month to tell you what the badge at all times, and to do all I can to promote the objects of the club.

Signed (full name)—

Cut this out, fill in the information and sign your name, and forward to The Bulletin Office, Edmonton, as soon as possible.

Letters to Uncle Tom

Price for Best Garden.

Dear Uncle Tom: This is my first letter to the Aladdin Club. I have been reading the Uncle Wiggily stories and the letters for a long time, but have never written.

I go to school every day. I am nine years of age and in grade 7. We have a new school. My father built it. We live a mile from school. Each pupil has a garden at school. The ones that have the best gardens are going to get prizes.

I have three sisters and one brother. The people out here are cutting their wheat.

We live seven miles from town. I would like to receive a badge. Wish the club and its members every success. Yours sincerely,

EMMA MOHR.

Helps Shock Grain.

Dear Uncle Tom: The last Bulletin we got there were only four members writing letters to you. So I thought I would write.

I like to read the Uncle Wiggily stories and the letters. It is raining today so we cannot cut any grain.

I have not been going to school this week because I had to help to shock. I have a little sister. She is five months old. When we put her in the baby carriage she can sit about one hour without crying.

Well, I will have to go and wipe the dishes. So I must close. Your loving friend,

MYRTLE PETERSON.

Viking, Aug. 28.

P.S.—Would some one please send me the words of "In the Shade of the Old Apple Tree."

Electric Light on Farm.

Dear Uncle Tom: I am nine years old. My birthday is on the ninth of May. Papa is going to cut the wheat Friday or Saturday.

We have Delco lights. We had the motor on the separator last night; it runs fine. I go for the cows every night. I am in grade 5. I did not go to school last week because I was helping papa hay.

We have 90 young chickens and 50 turkeys and ten ducks. Three of our old turkeys went away and laid in the raspberry bush. One turkey brought out eleven turkeys from eleven eggs; another turkey brought out 5 turkeys and the other one brought out 9 turkeys. Yours sincerely,

VIOLET LATAM.

Bremner, Aug. 22nd.

First Prize Alfalfa.

Dear Uncle Tom: I like the club very much. I saw my brother's letter in print. I thought I would write too.

My brother told you about our alfalfa. We got our prizes. I got first prize, which was one dollar and my brother got second which was seventy-five cents.

I earn money by working for my mother on holidays and after school. I get ten cents a week. I am in grade eight so I have a lot of books to buy. I have about two dollars now. In the holidays my mother picked berries and I took care of the little children. This is enough for this time. Your new niece,

BARBARA HUTCHINSON.

Duhamel, Aug. 27th.

At Vegreville Fair.

Dear Uncle Tom: It rained a little this morning but it is a lovely evening. My sisters, my brother and I are at home.

Some of our garden froze. The flowers did not freeze. My brothers and sisters were to the fair at Vegreville. I am going to school now. Our teacher is going to leave Sept. 7th. I must close as I have no more news. Yours very truly,

HESTER KATIE MILLER.

Martins, Alta., Aug. 19th.

News of the District

LOST CHILD FOUND SAFE

Bulletin Correspondence.

Hayley, Aug. 27.—Little Frankie Simpson, 2 years of age, playing with his auntie, Mrs. Harry Shaw, strayed away from home Tuesday, Aug. 21st, and was missing for about seven hours. Autos went out from town and all the neighbors joined in the search and the youngster was located about 4:30 p.m. about half a mile from home, none the worse for his adventure.

SULPHUR SPRINGS

Bulletin Correspondence.

Mr. Jas. Varry, one of the "big" farmers of this district, has just shipped two carloads of fat hogs that topped the market at 16 cents at the stockyard here. Hog buyers have been scarce in the district lately and as a consequence the visible supply has been greatly lessened. On account of the high prices of feed many farmers are disposing of all hogs, including breeding stock.

A. B. Ottewill of the University Extension department again favored the community with a moving picture show. Mr. Ottewill also gave a short lecture on "How Canada is Governed," pointing out the electoral and administrative system of the Dominion as compared with the United States and the British Empire. The lecture and pictures were both greatly enjoyed.

One of the Pathoscope machines has been purchased by Rev. E. E. Rogers and a plentiful supply of entertainments may be expected in the future.

Sulphur Springs, Aug. 27.

JARROW

Bulletin Correspondence.

In anticipation of a good crop quite a lot of building has been done here on the farms surrounding Jarrow. H. Keaton, Martin Knudson and J. Russell are having houses built. The poor temporary buildings of five or six years ago are gradually disappearing and being replaced by good substantial frame buildings on stone or concrete foundations.

The interiors are finished and plastered in good style and the outside made complete with two or three coats of paint. The houses are just putting the finishing touches to his new stone barn by having the wood work painted. John Erickson has also completed his fine frame barn by getting the outside painted. J. Lenox will have his new barn completed for the coming winter.

The Jarrow farmers decided last week to build rural lines themselves. This matter has taken a lot of discussion at the regular monthly meetings of the U. F. A. and at last it was decided to install government standard equipment with the exception of poles, which are expensive at the present time and hard to procure.

As there is a good and plentiful supply of straight poplar on most of the farms it was decided that each person who wished to have the phone should cut and peel the bark from the poles, the same to be 12 feet long and 3 inches at the small end and he is also expected to set this number 2 feet into the ground. This is said to give far superior service to the barbed-wire phone systems in use in some districts.

Jarrow prides itself in, and tries to excel at, Red Cross work. Last week Mr. and Mrs. Albert Firkus invited everyone to a box social at their big new barn, which is the largest and finest floor in the district and has been the scene of many happy gatherings since it was completed last fall. But it certainly made a record on this occasion, when nearly 1300 came to the invitation to help on the Red Cross fund and have a good night's entertainment. The full band from Coal Spring was in attendance and gave selections during the evening. The children from the Metropolitan school district sang and recited several pieces. There was also a sketch in which Mrs.

But it certainly made a record on this occasion, when nearly 1300 came to the invitation to help on the Red Cross fund and have a good night's entertainment. The full band from Coal Spring was in attendance and gave selections during the evening. The children from the Metropolitan school district sang and recited several pieces. There was also a sketch in which Mrs.

Jarrow prides itself in, and tries to excel at, Red Cross work. Last week Mr. and Mrs. Albert Firkus invited everyone to a box social at their big new barn, which is the largest and finest floor in the district and has been the scene of many happy gatherings since it was completed last fall. But it certainly made a record on this occasion, when nearly 1300 came to the invitation to help on the Red Cross fund and have a good night's entertainment. The full band from Coal Spring was in attendance and gave selections during the evening. The children from the Metropolitan school district sang and recited several pieces.
